EDUCATION

B.Tech in Computer Science & Engineering | 2024-2028

Silver Oak University (current, 4th semester)

- 12th (science) 2023 from Solaris public school
- 10th (2021) from Solaris public school

SKILLS

Technical Skills:

Python, Java, C++, HTML/CSS,
ML, Pandas, NumPy, Sklearn,
SQL, Git, DSA

Soft Skills:

Communication • Teamwork •
Problem-Solving • Adaptability
• Leadership • Time
Management • Quick Learner

PROJECTS

Customer Behavior Analytics Dashboard

SQL | Python | Power BI

GitHub: <https://github.com/lavxxshz/Customer-Behavior-Analytic-Dashboard->

- Built an end-to-end customer behavior analytics dashboard using SQL, Python, and Power BI.
- Performed data cleaning, EDA, and customer segmentation.
- Delivered actionable insights on retention and revenue trends.

Amazon Price Tracker

Python | Web Scraping

GitHub: <https://github.com/lavxxshz/amazon-tracker>

- Built an automated price tracking tool using Python to monitor Amazon products.
- Implemented web scraping to extract real-time price data and track multiple items.
